POUYA KHOSRAVI HAJIVAND

CIVIL ENGINEER

SUMMARY

Dedicated and skilled Civil Engineer with nearly four years of experience in the industry, complemented by ten months of software engineering experience. Proficient in communication, problem-solving, leadership, and technical skills. Driven by a passion for innovative structural design, I aim to leverage my diverse expertise to bring new ideas to life and contribute to cutting-edge projects. Seeking a challenging role as a Structural Designer where I can apply my knowledge and creativity to develop and implement forward-thinking solutions.
